I'm not sure if I have useable skills, but I would like to volunteer. Please connect me with an ARI Volunteer Staff member to discuss the possibility of my volunteering.

If accepted as a volunteer:

- If I do not speak Spanish at the time of my acceptance, I agree to take Spanish classes in Peru [at my own expense] during my stay.
- I understand that this is a working experience and not a vacation.
- I understand that this experience will place me in direct, close relationship with the village people of Maras and neighboring villages, but not with the medicine people.
- I agree, if it is requested, to pay for certain materials I may need to perform my volunteer duties. [Once accepted as a volunteer we will give you as much detail as we can about this contingency.]
- I understand that as a volunteer I will cover my personal expenses while in Peru. [Once you are accepted as a volunteer, we will give you details on what to expect in terms of personal expenses for your stay as a volunteer in Maras.]
